ABOUT US

Founded in 1980 by Dr J Rajendran and Dr Radha Rajendran, Raadha Rajendran Hospital has been a landmark for healthcare in Alandur, Chennai. It is well renowned for its excellent quality of care and commitment to patients for nearly four decades. It is widely recognized in the locality for its compassionate approach to patients and cost-effective treatment.

A multi-specialty centre of excellence, it has performed over 5,000 surgeries, delivered over 10,000 babies and treated over 1,00,00,000 outpatients so far. A major strength of the hospital has been its maternity centre, where patient safety and satisfaction are its first priority. The hospital takes pride in serving several generations of the same family for several decades.

Right care, right here has been its motto since inception and always will be so. The hospital has consistently expanded, adapted and modernised its services and infrastructure to provide the best care for its patients. Recently in 2018, the entire hospital has been refurbished with state of the art technology and world class facilities with two blocks, one for emergency and critical care services, and inpatient services and one for outpatient services.

Dr R Rajesh

MBBS, AHEA, MRCP(UK)

MRCP (Endocrinology and Diabetes)

CCT (Certificate of Completion of Training in UK)

Medical Director

Medical Director's remarks:

Our vision is to provide cost-effective, affordable and best care for our patients. We constantly strive to improve our services and strongly believe in holistic approach to healing- wellness of body, mind and spirit. We welcome criticism and suggestions for improvement. Our staff and team of specialist doctors are here to help round the clock and provide right care, right here.

Our Vision

We pride ourselves as a center of medical excellence providing total health care solutions with uncompromising ethics, by optimally leveraging technology, research, education and human resource well associated with it.

Our Mission

We shall provide holistic medical care by:

- Providing an ambience that promotes excellence in all facets of its operations

MBBS

Dr Saranya R Rajesh
MBBS MD (OG)
Fellow in Reproductive Medicine
and Surgery

OBSTETRICS

- 24/7 Obstetric services by experienced obstetricians
- 24/7 Onsite Anaesthetists to assist in high risk cases
- High risk Obstetrics
- Pre Conception counselling
- Obstetric Ultrasound
- Painless delivery
- Antenatal Yoga / Classes
- Exclusive Obstetric Operation Theatre

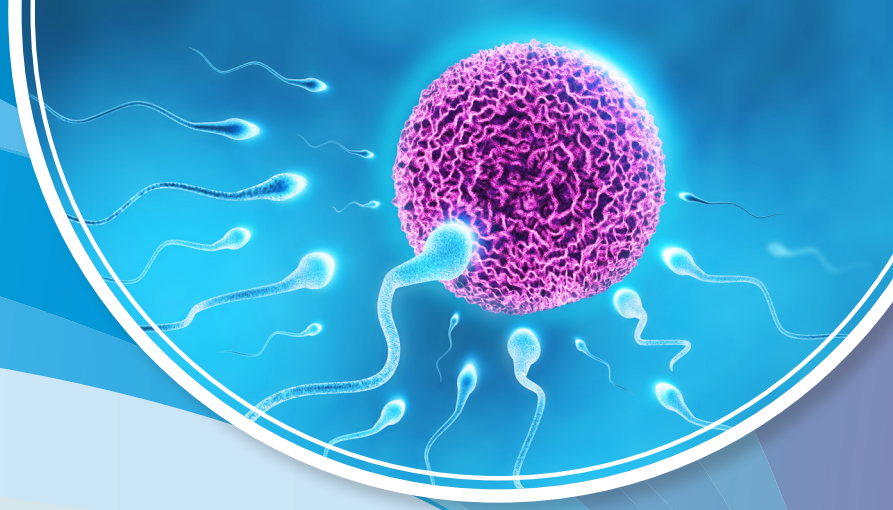

BIRTHING SUITE WITH NEONATAL RESUSCITATION

- Spacious birthing suit with ultra modern amenities
 - Continuous fetal heart beat monitoring (CTG)
- Electrically operated multi-position comfy labour table
 - One to One nursing care
 - Painless labour
- Neonatal warmer, Resuscitation unit and Phototherapy
 - Baby bath area

GYNAECOLOGY

- PCOS
- Menopause
- Gynae-oncology
- Urogynaecology
- Recurrent pregnancy loss
- Contraception

WELL WOMEN CLINIC

- Breast cancer screening
- Cervical cancer screening and immunisation
- Master health checkup

GYNAECOLOGY PROCEDURES

- Total abdominal hysterectomy
- Vaginal hysterectomy
- Myomectomy
- Cervical and endometrial biopsy
- Hysteroscopic and laparoscopic procedures such as :
 - LAVH , Total Laparoscopic Hysterectomy
 - Laparoscopic sterilisation
 - Laparoscopic myomectomy
 - Laparoscopic cyst removal
- Urogynaecology procedures

REPRODUCTIVE MEDICINE

- Complete infertility evaluation of male and female partners
 - Ovulation induction with follicular monitoring
 - Hysterosalpingogram
 - Saline sonography
 - IUI – Intrauterine insemination
- Diagnostic hystero laparoscopy
 - ART such as IVF and ICSI
- Psychological support and counselling
 - Fertility enhancement surgeries

SEXUAL MEDICINE

- Premarital sexual assesment and counselling
- Psychosexual counselling therapy
- Relationship counselling
- Management of male and female sexual dysfunction

Dr R Rajesh
MBBS, AHEA, MRCP(UK)
MRCP(Endocrinology and Diabetes)
CCT (Certificate of Completion of Training in UK)

DIABETES

- Type 1 Diabetes
- Type 2 Diabetes
- Gestational Diabetes
- NODAT (New Onset Diabetes After Transplant)
- MODY (Maturity Onset Diabetes of the Young)
- LADA (Latent Autoimmune Diabetes of Adults)
- CSII (Insulin Pumps)
- CGMS (Continuous Glucose Monitoring Systems)

DIETETICS, OBESITY & BARIATRICS

- Expert guidance and nutrition counselling
 - Individualised diet chart and advice
- Tailor made healthy weight loss programme
 - Lifestyle medicine
- Bariatric medicine and surgery

FOOTCARE

- Biothesiometry and Neurothesiometry
- ABPI (Ankle Brachial Pressure Index) Measurement
- VPT (Vibration Perception Threshold) Measurement
- PVR (Pulse Volume Recording)
 - Doppler Measurement
 - Foot Pressure Distribution Measurement

ENDOCRINOLOGY

- Bone and Thyroid disorders
 - Metabolic Bone Disease
 - Osteoporosis
- Thyroid nodules / cancer / surgery
 - Pituitary Disease
 - Lipid Disorders
- Adrenal Disorders

ANDROLOGY, REPRODUCTIVE MEDICINE & SEXUAL MEDICINE

- Male infertility assessment and treatment
 - Erectile Dysfunction
 - Premature ejaculation
- Premarital sexual assessment and counselling
 - Psychosexual therapy
 - Relationship counselling

WOMEN'S ENDOCRINOLOGY

- PCOS
- Irregular cycles and Amenorrhoea
- Hirsutism
- Hormone Replacement Therapy
- Galactorrhea/High Prolactin
- Ovarian failure
- Infertility
- Thyroid disease in pregnancy
- Diabetes in pregnancy

ORTHOPAEDICS TRAUMA AND JOINT REPLACEMENT

- Joint Replacement Surgeries (Including Hip and Knee)
 - Arthroscopic surgery
- Trauma Surgery and Recovery
 - Head Injury Management
 - Spinal and Disc Surgeries (Including Laminectomy)
 - Carpel tunnel surgery

PHYSIOTHERAPY

- One to one individualised protocols
- Sports injury therapy
- Knee, Spine, Shoulder etc injuries therapy
- Post delivery therapy

NEPHROLOGY AND DIALYSIS

- Acute and Chronic Kidney Disease Management
- 24*7 Dialysis Unit with round the clock technicians, nurses and doctors
 - Renal Biopsy
 - Immunotherapy
- Renal Replacement Therapy

UROLOGY

- Paediatric and Adult Urology
- Prostate Disease
- Stone Disease
- Urological Cancers
- Laparoscopic Urological Surgeries
- Reconstructive Surgeries
- Nephrectomy
- Urogenital Surgeries
- Vasectomy and Reversal Surgery
- Ureteral Stents Placement and Removal
- Sperm Aspiration and Extraction

GENERAL AND LAPAROSCOPIC SURGERY

- Breast Surgery
- Abdominal Surgeries
- Soft tissue Surgeries
- Anal Surgery
- Minimally invasive Gynaecological/Urological Surgeries
- Minimally Invasive Abdominal/Pelvic Surgeries
- Thyroid Surgery

VASCULAR SURGERY

- Balloon embolectomy
 - Thrombectomy
- Vascular bypass grafting
 - Amputation
 - Angioplasty
- Endovenous laser treatment
 - Vein stripping
- Endovascular Aneurysm Repair (EVAR)
 - Endarterectomy
 - Atherectomy

NEURO-SURGERY

- Spinal neurosurgery
- Functional and epilepsy neurosurgery
- Peripheral nerve injury surgery
- Aneurysms
- Arteriovenous malformation (AVM)
- Cerebrovascular surgery
- Trauma surgery
- Trigeminal Neuralgia

PLASTIC AND COSMETIC SURGERY

- Cleft lip and palate
 - Tummy tuck
- Laser hair removal
- Breast augmentation
 - Breast reduction
 - Liposuction
 - Facelift
- Reconstructive surgeries
 - Hand and foot surgery

PAEDIATRIC SURGERY

- Appendicetomy
- Gastroschisis surgery

EAR NOSE AND THROAT SURGERY

- Tonsillectomy and Adenoidectomy
 - Septoplasty
- Microlaryngoscopy
 - Oesophagoscopy
- Endoscopic sinus surgery
- Tympanomastoid surgery
 - Salivary gland tumours
 - Tracheostomy
 - Neck surgery

DENTISTRY, ORAL AND MAXILLOFACIAL SURGERY

- Dental Implants
- Surgical Correction of Maxillofacial Deformities
- Orthognathic Surgery
- Cleft and Craniofacial Surgery
- Maxillofacial Trauma
- Temporomandibular Joint Disorders
- Reconstructive and Cosmetic Surgery

DERMATOLOGY AND COSMETOLOGY

- Skin diseases treatment
 - Skin peeling
 - Hair fall treatment
- Platelet rich plasma (PRP) treatment for hair fall
 - Acne treatment
- Skin cancer treatment
- Hirsutism management
 - Laser hair removal

GASTROENTEROLOGY AND HEPATOLOGY

- Upper GI endoscopy
- Colonoscopy
- Oesophageal disorders
- Peptic ulcer diseases
- Inflammatory bowel diseases
- Gall bladder diseases such as Cholecystitis, stones, cancer
- Pancreatic disorders including Cancer
- Hepatology including Hepatocellular carcinoma and Hepatitis

MEDICAL ONCOLOGY / CHEMOTHERAPY

- Diagnosis and treatment for all types of cancer
 - Systemic and regional chemotherapy
 - Targeted Cancer therapy
 - Hormonal therapy
 - Pain management

SURGICAL ONCOLOGY AND RADIOTHERAPY

- All types of Cancer Surgery
- Post and Pre surgery Radiotherapy
- Gynaecological Cancers
- Abdominal, GUT, Pelvic and Thoracic Cancers
- Head and Neck Cancers
- Soft tissue Cancers

CHEST MEDICINE

- Spirometry
- Pulmonary Function Tests
- Bronchoscopy and Bronchoalveolar Lavage
- Plueral Biopsy
- Acute and Chronic Respiratory Disorders Therapy
- Lung Biopsy
- Mediastinoscopy

CARDIOLOGY

- Myocardial Infarction
- Acute Coronary Syndromes
- Acute and Chronic Heart Failure Treatment
- Accelerated and Malignant Hypertension
- Tachyarrhythmia and Bradyarrhythmia management
- ECHO/ECG/TMT

PAEDIATRICS

- Immunisation/Vaccination
- Newborn screening for congenital diseases
- Neonatal warmer and phototherapy
- Baby Room/Play Area/Bath
- Paediatric surgery

General Medicine

Geriatric Medicine

Family Medicine

Infectious Diseases Medicine

Occupational Medicine

Haematology and Transfusion Medicine

PSYCHIATRY AND COUNSELLING
